Information and prevention
in migration contexts

IOM
UN MIGRATION

WESTERN HEMISPHERE
PROGRAM

40 hubs

in 9 countries in Mesoamerica and the Caribbean

Coordinated by national and local authorities,
and supported by IOM.

INFORMATION HUBS:

- Contribute to better migration management.
- Promote the protection of migrants.
- Facilitate free access to relevant, immediate, and personalized information.
- Hold community and recreational activities as a means of communication.
- Respond to migration-related needs in the different countries in the region.
- Enable collection and updating of general information on migration trends and dynamics.
- Create comprehensive dialogue with the community, enabling negative stereotypes about migration to be overcome.
- Refer cases to competent governmental and non-governmental institutions based on identified needs.
